

Corrigendum

RMJ Volume 42 Number 2 Apr-Jun

Virtual reality training improves turning capacity and functional reach in stroke patients

Authors: Arshad Nawaz Malik, Tahir Masood

Riphah international University, Islamabad,
Isra Institute of Rehabilitation sciences, Isra University, Islamabad

Abstract Methodology: the date should be February 2016 to July 2016 (while it is written 2106)

Results: there is ? which should be (<)

Introduction: line number 38, there is repetition of many neural

Methodology: again 2016 instead of 2106

Age bracket 40 to 60 years

Instead of Wilcoxin, read Wilcoxon

Conclusion: there is repetition of reaching forward, one is functional reach

Author contributions: The abbreviation of Tahir Masood was written TH, while it should be TM
